

@transanta

**In honor of you, I sent  
an anonymous gift to a  
young trans person who  
needs some extra love  
this holiday season!**

**Transanta is a mutual aid project that connects anonymous gift-givers with trans youth who are unhoused, in foster care, or otherwise without crucial support they need to thrive.**

Transanta exists to show trans youth that they are loved and supported, and that they have a family of people around the world who affirm them, believe in them, and want them to succeed. Ultimately, our capacity for love, care, and connection will create more space for people to thrive and continue rich legacies of social and political transformation.
